welcome to stetson

WELCOME TO STETSON UNIVERSITY!

Welcome to the 126th year of classes at Stetson University. This year represents the ushering in of a new era, and shift in Stetson University history. The unanimous election of Dr. Wendy Libby as President presents us an apportunity to learn from and appreciate the positive aspects of our history, while at the same time looking forward toward Stetson's future. Just as we are farever connected to Stetson's history and heritage, so will we necessarily take part in sewing the tapestry of tamperature.

To all of our new Hatters, I am delighted to have you join our family! I look forward to your contributions to compus culture. I also encourage you to get involved- join an organization, find a couse you support. Become passionately consumed by your dynamic campus life experiences. Though academics are our first priority, your years here at Stetson will be defined by the relationships you make.

To members of our community who are returning, I look farward to seeing your smiling faces.

Continue to aim for the stars in all your initiatives; continue to make our community proud with your commitments to excellence in your academics, involvement, and investments in others.

Finally, to the graduating class of 2010, I encourage you to live your senior year to the fullest. Consider the legacy you will leave on the University. Take the lessons learned here, as well as the values of this institution with you wherever you go.

In Stetson's 126th year, let's remember what makes this university special-its commitment to values and the idea that we are all have a stake in each others' success. Let's keep our eyes on our values as we start this new era tagether.
